Version 2023 SP1

Definition of Release Types

We define each release type as follows:

- **Major release:** A major release associated with an incremented release number (e.g. 2023) and an approximate 12 months' product cycle.
- **Minor release:** An update between major releases that may include support for new file formats, new versions of currently supported formats, and bug fixes. These updates are Service Packs (SP), and are defined with an additional incremented number put aside the major release information (e.g. 2023.1 for the first Service pack of release 2023)
- **Out of cycle patch:** An unscheduled update. These contain few functional updates with the intention to limit impact.

Version Information

| Item | Version Number |
|----------------|----------------|
| Tetra4D Enrich | 2023.1.x |

Notice that the third number is used to differentiate builds of the software, and may not be continuous.

Installation

This version can be installed over any prior installation of Tetra4D Enrich. For more installation information, please refer to the [Tetra4D Enrich Installation Guide](#) or visit our [Learning page](#).

Language Support Overview

Tetra4D Enrich provides support for multiple languages as noted in the table below. However, the language used is controlled by the local Adobe® Acrobat® installation. If there is a Tetra4D Enrich language option that matches the Acrobat installation, then that language is used; if not, Tetra4D Enrich defaults to English.

Tier 1 and Tier 2 are as defined by Adobe Systems.

| Tier | Tetra4D Enrich Supported Languages |
|--------|--|
| Tier 1 | English, French, German, Japanese |
| Tier 2 | Brazilian Portuguese, Italian, Korean, Spanish, Simplified Chinese |

Acrobat Pro Compatibility

The Tetra4D Enrich is a plug-in for Adobe Acrobat Pro. The following table provides information about tested version compatibility. Note that older versions of Tetra4D Enrich may work with newer Acrobat Pro releases, even if compatibility is not explicitly mentioned here.

| Tetra4D Enrich | Compatible Acrobat Pro DC / Pro 2017 / Pro 2020 Versions |
|----------------|---|
| 2023.1 | 32 Bits: Acrobat Pro 2020: 2020.000.0000 - to 2020.005.30441 (Classic track) Acrobat Pro 2017: 2017.000.0000 - to 2017.012.30262 (Classic track) Acrobat Pro DC: 2015.000.00000 - to 2015.006.30527 (Classic track) - to 2023.006.20320 (Continuous track*) 64 Bits: Acrobat Pro DC: 2021.001.20138 - to 2023.006.20320 (Continuous track*) |

Licensing

Message for Tetra4D Enrich existing customers

Tetra4D Enrich 2023 SP1 is a minor release, and doesn't require a new license if you already installed and licensed **Tetra4D Enrich 2023**.

If you didn't already install and license **Tetra4D Enrich 2023**, you will need to change your license and activate the seats when **Tetra4D Enrich 2023 SP1** is installed.

Notice that if you are under regular maintenance, you should automatically receive information to retrieve your serial number for **Tetra4D Enrich 2023**, in an email from tetra4d.com.

Please carefully read the [Tetra4D Enrich Installation Guide](#) for explanations on how to activate your licenses.

New Tetra4D Enrich customers

You should have automatically received information to retrieve your serial number for **Tetra4D Enrich 2023**, in an email from tetra4d.com.

Please carefully read the [Tetra4D Enrich Installation Guide](#) for instructions on how to activate your licenses.

Note: Tetra4D Enrich will run in trial mode for 28 days after completing the installation, providing you with the ability to use the product temporarily without a serial number.

You will have full functionality of the software during the trial period. If you experience any problem during the installation and activation process, please contact support by visiting our [Learning page](#).

Information about the licensing management solution

The licensing management solution for **Tetra4D Enrich** offers flexibility and autonomy for customers to manage their licenses:

- Licensing Tetra4D Enrich can be done directly by customers, without requiring customers to contact Tetra4D support
- Online and offline activations are supported
 - Online activation requires a few actions and is fully performed within the product (no support request, no email communication)
 - In case of offline activation, information to activate the seat has to be communicated through email via submitting a support ticket.
- Activation / deactivation is enabled making it possible to transfer a license from one system to another
 - In cases where a system / license is no longer used and has to be transferred to another one
 - The transfer can be performed directly by the customer

Note:

- The transfer of a license has to be occasional, and is allowed in case of:
 - Computer crash
 - Computer change

The Tetra4D support team is available to answer any questions and to assist whenever needed. To receive assistance from the support team, please contact support by visiting our [Learning page](#).
